# Dives

SOFAS

*Antonio Citterio*

## Description

Dives es el nombre de la nueva tipología de sofá, en profundidad cm 89, cuya imagen se distingue por el brazo que presenta un tratamiento diferente en la parte exterior, donde la tapicería aparece tensada, y en la interior, acolchada como en los clásicos Chesterfield. La pata está tapizada en tejido, piel o en goma laca de color negro. Dives está disponible también en la versión modular con elementos de asiento más profundos (cm 104), sin pespunte interior.
